“ I had the opportunity to work with Lucy at Brookwood, and then later live in same building at Barto's on S. Front Street. While I was living on the 3rd floor, every night of the week at dinner time, I would here my name called and there would be a huge, delicious plate of spectacular food prepared by Lucy and Mrs. Barto. I will never forget those days. Thanks Lucy for the memories... May you R.I.P.
