“ We, Linda Mussmann and Claudia Bruce, posted this on Facebook and repeat it here: Goodbye Al Cook – one of the people in this community who was fearless – and spoke truth to power – he did not believe the SLC Cement plant would be good for our community – and was a person who was not afraid to say it – he spoke out at Common Council meetings and was supportive of our combined effort to make changes for the better here in Hudson – bottom line is that we all worked together for the good of our community – a sweet and generous man – a constant porch sitter along with his wife – we know they are both on God's porch now holding hands and hoping for the best for woman/mankind.
