“ We are in Florida and only found out about Ann's death a few days ago. We were very fond of Ann, just as we were of Carl. When we bought our house in 1984, they immediately made us feel welcome, and we always enjoyed stopping by to chat. Ann was a warm person, very interested in other people. We have missed her presence on the road in recent years, but remain grateful for her friendship over time. Our sympathy goes out to all those who loved her.
