“ *Just found out about Barbara. There are no words I can describe how Barbara made a impact on our community. Barbara was a mother figure to most of us living in germantown. Did I never have so much fun performing on stage. The Mario's where a part of our lives for so long. May Barbara be pain free and happy flying with the angels. God bless you.*

“ You are the best big sister anyone could ever ask for. I love you very much and always will. You were always there to help me growing up, especially when I had hair problems. Which as a teenager there were many. You were my fixer girl. I love you and Tom with all my heart and I promise to always be there for him and his sister Florence anyway I can. You rest in peace now.. I'll always cherish our memories. We will be together again. I love you always. Sandy ❤️
