“ *Beth Ann, little sister and sister-in-law, we will miss you! No matter what the road held before you in life, you conquered it the best you could and moved on...that should have been a lesson to us all. You wore your heart on your shoulder, you were always there for whoever needed you even though your life and body were depleting your strength faster than any of us knew.*

We will miss your warm hugs, your quirky little smirk of a smile, and your crazy antidotes of how life should be. It seems to make sense now that if both you and Mark had to go, that one would leave first to hold out a hand to the other...while our Lord is leading you both into Heaven. It's hard to do anything on your own, but to have someone else to share it with eases the anxiety, pain, and discomfort.

We are grieving but are thankful that you no longer will suffer with the pain and anguish you felt in life that you would never let anyone see..

Those who have gone on before will be there to greet you, to share in the warmth of God's love and so, until we meet again, we love you and will miss you and though your life was short, know that you made a big difference in many lives, including ours.
