“ I arrived at Wedgewood Lake looking for the white car, parked slightly askew, signalling that dear Blanka was in residence. When I learned of her death I was saddened and miss her as do so many of the residents. I am grateful to have had my time with her. She was so proud of her family. May the memories you have bring you comfort always.

“ To the Glickman family,

The Gervasi family has fond memories of our adopted family member, Blanka. Her soft voice, her strong views, her intellectual curiosity, her knowledge of past history and current events, her floppy hats, her classy attire, her pride in her granddaughter, Rachel; and love for her “baby girl.”

She was a delight and good friend. We all will miss her terribly but smile when we think that now she and Tom can resume their political discussions.

Rest in peace until we meet again.

“ *Mark and Brian*

My sincerest condolences in the loss of your Mom. I was just asking my Mom the other day if she still was residing at the house just beyond "right center field" I will always remember her kindness whenever I came over to play catch and watch the ball games. She was a great lady!
