“ David where do I begin. lets start at grandmas house in hudson with you and paul harpis. You always brought life in the house. I loved watching you jam on your homemade fake guitar to Van Halen Jump. You hit the notes on perfectly and Im glad that you were in this band. doing your thing. Life has not always been good to you. But you always had a strong comeback. You are a real free spirit david and now you are resting with no more pain or thought . sleep for now until we meet again. love your cousin June L

*So sorry to hear of this. I remember meeting Dave for the first time in 8th grade at the Hudson middle school. We did not get along at all, at least not at first. I remember many many fun times with Dave and all my friends. Just being kids and having fun. Someday we will all see you again and we can have a few laughs over a cold beer.*
