“ *I miss Dennis terribly, and i dont much know except when i did talk to Dennis, my question is to family how can your brother work like he did with sticky valve .sleep atacks,get up.on stage board do heavy liftin, leave him alone with task that he might take heart attack..he dont even have picture of him. There are two nurses what he told me in family. And he was grateful that yous found him new doctor. I said they only refereed you thts all .and he died doing all this work and i know Dennis was good invester. All i got to say is im not judgen but i rather had Dennis live .i f i only knew i would been howden him not do that kind labor work. Personlly i dont think any one cared as i.did .if you did he wouldnt be up that. Ladder. Im just very angry.that i.lost good freind, when it could been prevented.maybe he. didnt listen. Im just angry the way it turned out ,if those that do care my condolence goes to you. Just last year we used to.laugh and joke. Life is two short.*

I was going to go out this summer and help him paint his sisters barn, i wanted two. But Dennis was so independent. He was the most kindness person.i ever met. He had preminition he was upset, said it was so over whelmng. Saw paradise. If only knew if it was warning, he had trouble sleeping, i told him get it check.
