“ Paula, Angelia, Jason & Jessica, & Beth-Anne, I'm so sorry for the lose of Uncle Frank. I wish I could have been there for his memorial service, but please know I was thinking about you all. It's funny, of the memories I have, one stands out amongst them all for me and always comes to the front. It was when my mom passed and us kids were in a car with just him and he was asking sincerely how we were doing and how my dad was doing. He sincerely cared and gave some advice I don't recall. It struck me at the time because I had never seen that side of him before and I remember it moved me. That's the memory that I always go to when I think of him. I will miss him... he was the last Italian.

“ May I first send my sincere condolences to Paula, Angelia, Jason & Beth-Anne. I am deeply sadden by your loss. Frank was one of the first teachers to welcome me to Taconic Hills and he remained a friend throughout my tenure. Frank help get me involved the golf network & at Columbia. He always had many suggestions for local restaurants and even a couple in Maine. In fact, we visited Maine this fall and and enjoyed their food. Frank was always dedicated to his students whether in the classroom or on the field. It was my pleasure to know him as friend and he will always have a special place in my heart.

“ A man of all hats...he was my line coach in Football and had a great mind for the game of Basketball. He was my mentor when I was the Varsity basketball Coach in the latter 90's. He spent many hours with me helping to define drills and offensive and defensive theories. He was one of my early friends when I started teaching and coaching at THmany great memories and times that we shared with so many other coaches and friends that loved him . I will always remember him as a true friend and mentor that was always there for me as he was for a lot of other people ...I will miss him dearlyMike Bowman.....
