“ It is with sorrow that I write these words. I knew Glen and his family because I went to school in Hudson and from the community of relations that was forged during our childhood. I will always have good memories from the days passed. " God is a good God and he is merciful." It is written that "the Lord will not put more on you than what you can handle"...I believe this, and that is why I share it with you. Ernestine I know what it is to loose a partner in life and so I say to you..."take one step at a time and keep God in all that you do". Ms Helen, we have always had a relationship and I pray for you and your family. To the brothers, sisters and children; it is written in the book of life the number of days we are to share here on earth and I know that all of you made the best of it. I submit these words to comfort you and I pray for the family. Joyce Cross and Family
