“ *I was terribly saddened to learn of Mr. Yeats' passing. I cannot possibly count the number of tennis balls he (as an adult) was willing to hit with me (a young kid) as I was growing up in Hudson. He did so with patience, kindness and decency. I'll still never quite understand the unique serve motion he had, but I'll always remember how good he was, as a player and as a person. Best wishes to Mrs. Yeats and the family at this difficult time. Mike Koenig, HHS Class of '86*

“ My condolences to the Yeats family. Mr Yeats was my 6th grade english teacher part of the team Ferrara/Frankel and Dyzk. He was a great teacher and always interested in your activites. The whole team was a great group of teachers as we entered a larger school system from a previous class of 25. I remember more about that grade thanks to him than any other in my school years! He will always be remembered.

“ Great teacher.. Always loved the class competitions. The class would be split up and would form a team on each side of the class. 1st person in each line would have to go to the board; he'd give a math problem, we would compete on "go" to show work and finish the problem correctly, first. Then we'd go to the end and 2 new students would compete. He made learning fun!!!!
