John you and Lilly were my best friends that grew into a true love. I didn't know that when I saw you in the hospital it would be the last. You used to say what would you do without me. It's me that's going to be without you. I'm not doing well with your passing. You and Lilly were my only friends. You're on my mind all day and night. I miss you John thank you for serving us in the Korean war and serving your community and thank you for being a part of my life. It's that God has called you home may you RIP I love you
