“ To Kathleen, Kathryn and Jean: We are so sorry for your loss. Although we knew you three, we never really knew John. I was glad to see all of his accomplishments and activities, and would have loved to have known him personally. Our prayers are for you and his children. We expect to get home from FL on June 24.

“ I worked with John at Lockheed Martin. I can still hear his contagious laugh. We would talk and he would play music on his computer and we would sing along together. He certainly loved to ride his motorcycle. He always spoke fondly of his family.

He was a hard working, kind man who never had a bad word to say about anybody.

I share your pain. He will be sorely missed.
