*I am so, so sorry to hear of Karen's death. Karen was a very special person in my life and I will never forget her. I always enjoyed being with everyone of you and I am so, so, so very sorry that Karen has passed away. She was a kind soul who cared deeply for other people and animals. I know she loved you all very much and her grandparents as well. I spent some of my best years of my life with you all. She was a spectacular athlete, caring person, and just the best person anyone could have ever known. “ *My very first memory of you, Karen, is meeting you during my interview process at a dinner visit. You later told me that you preferred me as the new social worker because I had a beagle, and you had also loved a beagle growing up. We were always able to share our love for dogs. You witnessed my two pregnancies and shared in my excitement of having a child by helping to plan a surprise baby shower at work. You honored me with a very much adored pack'n play, which was used to a great degree by Naveen. Oddly, that is one of the very few baby items that I have not given away. Your life ended much too abruptly and I will deeply miss you.*
