“ My heart was deeply saddeened by the news of your passing Kelly. My heart aches for your family and I know nothing but time will make healing any easier. It has been many years my old friend but I cherish many memories going into Millers for candy and soda..sleepovers and sneaking downstairs at my house to use the phone and make ice cream sundaes..trying to sneak out with the car and neither one of us could drive stick. Your infectious smile and hugs shine on bright star until we meet again rest in peace sweet Kell!

“ Oh dear sweet old friend. I am so sad to hear the world can no longer see that beautiful light. We have so many fun... caring...supportive...and sometimes mischievous memories together. The way you would call me out of the blue...after what seemed like forever...and we could pick up our friendship as if we had never left it. Here's to you, my sweet crazy kell-brindell... Here's to swiping blue ice pops from billie jean's freezer. ... Driving Sharyn and Tom crazy in our teenage years.. Long walks and longer talks. Security systems. .... and always being there for each other. Our friendship meant so much to me. I love you, Kel. 💕
