“ I was fortunate to get the chance to know Lenny for the past 4 years, I worked with Lenny in the firehouse as well as at his home doing many projects for him. Every time I would go over he would always have a different story to tell me whether it be about his family, his life growing up, or just experiences he had. He shared with me his talent of wood working and different tools I could use for everyday life. I was with Lenny the same day he passed and it showed me how fast life changes, just six months ago you could see lenny driving the fire trucks and on the fire scene. I am going to miss lenny and the special bond we shared. Until we meet again, fly high angel

“ *Lenny was a great neighbor and better friend. He was always there to lend a helping hand when needed and an ear when you just needed someone to listen. I will never forget when we visited with the girls and he brought out his old toys for the girls to play with and they loved it (especially the Donald Duck). You couldn't leave the Aquino house without a bag of vegetables and a great story. One of Isabella's favorite stops on our quad rides was Lenny and Nancy's house. We were so blessed to have known Lenny and will never forget all of the great memories from Cold Spring Road. Heaven just received another angel.
