“ Ronnie,
So very sorry to hear the news about Patti. Our friendship began when the Brown family moved next door to us ..Ron, you were just a little tyke. We both started school together and graduated with the class of '62. Patti always liked to play school during her younger years and it wasn't a surprise she became a wonderful & caring teacher.
We've kept in touch over the years and when in Hudson, we got together for a long visit -reminiscing, testing each others memory, making for lots of laughs.
She so loved your family and I enjoyed hearing about all of you, especially the new additions that made you and Diane proud grandparents.
I will always cherish the memories and good times we had ..and those shared between our families on Washington St. I will very much miss my lifelong friend.
Our thoughts and prayers are with all of you and her many friends.

“ Miss Brown was the best teacher I ever had, and I compared all teachers to her all the years of my life. I sent her a letter a few years back, to tell her just that, she wrote me back and actually remembered me, God definably has a beautiful angle!

“ My aunt was a generous and kindhearted woman. A lifetime of my memories are filled with visits to Washington Street. So hard to believe she is gone but wonderful to read of how she touched so many people's lives.

“ So many things brought joy to Pat. She always spoke of the Red Hatters and of course the laughs and good times she shared with "the group." She had many good friends and for that she was a lucky woman. Thank you all.

“ Ms Brown was my 5th grade teacher. I remember one day I was practicing for the concert with Mr Maur (spelling) and she would come in and give my advice on how to project my voice so that I could be heard in the back of the room. Which for me was hard to do, because I was a shy 5th grader and the last thing I wanted was to be heard. She was a great teacher.

“ I extend my sincere sympathy to the entire family. Patti was a good friend during our school years. After her mother's death, I would go to her house at 550 Washington once a week to help change the beds. It was always spaghetti night, and the special treat was that her father allowed us a glass of beer! During our school years, I was always amazed at the speed with which she solved math word problems. I would still be struggling, and she would be sitting there--pencil down--smiling. My prayer is that she rest in peace and rise in glory.
