“Dad, you were an amazing father and always knew what to say and what to do to make things better. You were always there to listen and offer advice. I remember our trips to Happy Clown , Holy Cow and jojo's along with many other places, and I miss doing those things with you. You would come to my house every Saturday and you loved to sit out on the deck, I remember you saying it was one of your favorite places to be. I remember you and I standing on my deck one Saturday and you looked at me and told me how proud you were of me. I can still hear you saying it. That meant a lot to me and I knew that I was doing the right thing with my life. I wish you were still here, there isn't a day that goes by that I don't think about you. You would have loved my new husband and the house that we live in now. Your grandchildren have all grown up and have become wonderful adults. Richard reminds me so much of you, country music and his black coffee are just a couple of the things that make me think of how much he is like you. I remember when he was born you were so afraid to hold him because he was so tiny and you were so proud. I defiantly made the right choice naming him after you. Casey has a 4 yr old daughter and another baby on the way. Regina has turned into a beautiful young lady. They all work hard and are doing very well in life. You would be so proud of them. I remember all three of them climbing up in your recliner with you and wanting their picture taken with grandpa. We have so many amazing memories with you. I always have been so proud of you and I still am. I miss you so much. I love you with all of my heart.

♥♥ LOVE FOREVER & ALWAYS ♥♥

Your daughter,  
Kathy Fletcher-Shaper
