“ So sorry to hear of Terry's passing. We were very good friends starting our high school years. Terry know someone who worked in Brooklyn and both of us would get a ride to Brooklyn Tech in his Volkswagen all the way from Rosedale deep into Brooklyn and I think all the way to the school. During the winter months the car was freezing. Later on we both did roofing and siding together in and around Rosedale. He was a good man, hard worker and loyal friend. Looks like he had a lot of friends that loved him including me. My condolences to his family.
