“ *Bob, It was such an honor getting to spend time with your dad at the hospital. He was such a sweet man, as soon as i would walk in his room he would make me sit right next to him and would hold my hand the entire time. I got to enjoy several nice conversations with him. He was such a strong man. Wed morning when i went to see him before i left, he had told me he wanted some quality time alone with you, He also told me that he lived a long happy life and did not want anyone being sad for him. I was sorry to hear about his passing when i arrived at work on saturday night. My sincere condolences to you and your entire family. Sue*

Thank you for your words...even though all this time has passed and I still look for my dad out there and the people who knew him...this is the first I've seen this and I thank you for sharing.
