“ I remember when your mom used to babysit us and we would all hang out and hanging at the boys club. You and my mother always had inside jokes. Now you are in heaven with her. This world lost an awesome person. RIP Todd!

“ I met the Pough family in 1987. A true blessing and great memories! The only thing that had changed with Todd over the years was his hair styles! He was fun, outgoing and had a contagious smile since day one!! Todd you will be deeply missed and there will never be another. Thank you for being YOU! Love and prayers for the family.

“ Sad and shocked to hear Todd passed..... I met Todd in the mid eighties, we both worked for Special Needs Inc.such a unique character he was, it was a blast to work with him....we frequently got “in trouble” with the boss man Tim Himes, which has made some great memories from working at “The Needs”...I remained friends from that point on...He knew tons of people in the Hudson area, as well as many relatives...we all have lost a special friend with a rare personality.....RIP my friend, you'll live on in my memories 🌸

“ I love you so much daddy. Please watch over me and the kids we are going to miss you more than you could ever imagine. My heart breaks that the kids have to grow up without their Pa not in a million years have I ever even pictured living life without you I didn't even think of it as a possibility. I am going to miss that smile, your corny yet impossible not to laugh at personality and your super out of date dance moves while your tongue hang out of your mouth 🤪 I love you so much daddy 💔 until we meet again.

“ Don't know where to begin. You leaving is a deep loss. I need to understand what happened, why.. ...etc. You left without be warning. But kiddo I (we) will always remember our frequent laughs at the dinner table talking about (you know what I mean) Lol. You were so much like my own child too. I will miss you forever, love you always and promise to love, care and protect Ruby just like you wanted. Rest in Eternal Peace sweetie until we meet again 💕. I love you 🥺

“ I will never forget the first day we met 14 months ago my little brother. You have been an every day part of my life since that day. I will cherish each and every memory we made there are so many. My favorite is the night you were pulling out of my driveway and I yelled watch the tree and he said I see the tree and I answered your on the wrong side of it your going to hit my house. I always teased him you might know how to drive a truck but I question your ability to drive a car. We would always laugh because he knew exactly what I was referring to. Until we meet again you will always be close to my heart. Love you little brother!!!

“ I am so sorry to hear this news. We grew up just a few doors from each other. I remember you at my birthday party when we were kids. I remember giving you a kiss on the cheek and you fell on the ground. 😭😭😭 We joked about that memory just recently, and you told me you had a crush on me then. We laughed about a lot of stuff. You shared your devotion for your gorgeous grandbabies, and told me how proud of them you were. You were taken way to soon. My deepest condolences to your family! May you rest in peace with your brother Todd.
