“ Vicki was always nice to me when I was a kid. She always put a smile on her face when she answered the door when I would ask if Jim could come out and play... she was a good lady whose time here was too short. My condolences on the loss to your family my old friend..

Rest in peace Vic. I'll never forget the time that we shared as co-workers at Solid Waste. You had a big heart and often gave so much for nothing in return. My most precious memory is of the time when someone came in to the office and somehow you purchased a punch card for them because they said they could not afford it. Not only once did you do this for these people but they came again and you did it a second time. You also loved to save any animal in need always looking for good homes for strays. I know that only the good die young so God has a plan for you. Thanks also for getting your mom's perogi recipe that she was so kind to share. Love you Gert. Vic was so proud of Jimmy and his family. We always knew what was going on and he was the light of her life. You will be missed. I thought about you often this week as I looked through all the detailed notes you left me to do your job when you retired. I hope those years of retirement you enjoyed to the fullest. Now you can look down to the river from Heaven and enjoy it as much as you did when you were here. I learned a lot from you. God bless.
